## 20 GODINA FILOZOFSKOG FAKULTETA

Prvi nastavnici matematike školovali su se u Nišu na Višoj pedagoškoj školi. Ova Škola doprinela je da se iz nje razvije i Grupa za Matematiku Filozofskog fakulteta u Nišu. Fakultet je otpočeo sa radom 1971. godine, a prvi profesori bili su iz Beograda. Odmah je otpočeto sa formiranjem sopstvenog naučno-nastavnog kadra. Danas na Grupi za Matematiku radi 12 doktora nauka i veći broj magistara. Otvoren je i novi smer za računarstvo i informatiku čime je intenzivirano školovanje kadrova ne samo za potrebe osnovnog i srednjeg školstva već i za potrebe privrede.

Serija Matematika Zbornika radova Filozofskog fakulteta je još jedan dokaz naučne aktivnosti nastavnika i asistenata Grupe za Matematiku. Taj časopis se razmenjuje sa velikim brojem matematičkih časopisa iz sveta i prikazuje se u sva tri referativna matematička žurnala.

ZBORNIK RADOVA FILOZOFSKOG FAKULTETA U NIŠU  
SERIJA MATEMATIKA

*Zbornik radova Filozofskog fakulteta u Nišu, Serija Matematika* is published yearly; it publishes original papers in all fields of pure and applied mathematics.

#### INSTRUCTIONS FOR AUTHORS

All manuscripts (the original and a copy) must be written in English. The extent of the papers is limited to ten pages in length; manuscripts over 10 pages are accepted only exceptionally. Papers must be typewritten on good quality heavy white paper using black carbon ribbon and ink for the symbols entered by hand. Manuscripts should not require many corrections concerning English language.

The author(s) should write their names, addresses and the title of the paper on a separate sheet. All manuscripts should start with a short Abstracts and include the footnote AMS Subject Classification (1991) on the first page. Definitions, theorems lemmas, remarks proofs etc. should be written using only one of two alternative styles: DEFINITION 2. 1. or 3. 2. TEOREM consistently throughout the paper.

Figures are included in the text and must be numbered (by arabic numbers) and mentioned in the text; they should be prepared in black ink. Equations (or formulas) must be numbered (for future references) in parentheses ( ) at the left margin.

References should be listed alphabetically in the following form:

- [1] R. HAYDON, Non-separable Banach spaces, In: K. D. Bierstedt and B. Fuchsteiner, eds, Functional Analysis II, North-Holland Amsterdam 1980 19—30.
- [3] E. HEWITT and K. A. ROSS, Abstract Harmonic Analysis, Vol. I, Springer-Verlag, Berlin, 1963.
- [11] Đ. KUREPA, On regressive functions, Z. Math. Logik 4 (1958), 148—156.
- [15] P. PETROVIĆ, Neka svojstva..., Doctoral dissertation, University of Belgrade, 1980.

A total of 30 reprints of each paper will be available free of charge; additional reprints can be ordered.

All correspondence concerning both manuscripts and exchange should be addressed to:

Filozofski fakultet (Zbornik Ser. Mat.), ul. Cirila i Metodija 2, 18000 Niš, Yugoslavia.

The subscription price is 20 dollars USA per volume, post free.

For subscriptions write to the same address.
