

Publications de l'Institut Mathématique publishes papers by Serbian and foreign mathematicians in all branches of pure and applied mathematics. The new series of *Publications* continues the series formed by Volumes I to XIV of *Publications de l'Institut Mathématique de l'Académie Serbe des Sciences et des Arts*.

Publications is sent to institutions and scientific societies willing to send in exchange other publications to the Mathematical Institute. Correspondence should be addressed to

publ@mi.sanu.ac.rs

(homepage: publications.mi.sanu.ac.rs)

The annual subscription rate (2 vols) is €100. For foreign subscriptions write to

INSTRUCTIONS FOR AUTHORS

Manuscripts should be submitted by e-mail. They are expected not to exceed 16 printed pages. Each paper should be accompanied by an abstract and should bear the five-character Mathematics Subject Classification code.

Formulas should be displayed **only** if they must be numbered for future reference or if they are too long or complicated. Please **do not** number formulas which are not referred to.

Only **standard** abbreviations for names of journals (see Zentralblatt MATH) should be used in references.

Please prepare your manuscript in L^AT_EX (template available at journal site) and send figures/illustrations as **eps** files (each figure/illustration in a separate file).
