Each paper should be accompanied by an abstract and should have the five-character *Mathematics Subject Classification Code* (MSC 2010), and key words.

The authors may optionally indicate a member the Editorial Board with the area of expertise closest to the subject of the manuscript.

Manuscripts are accepted for review with the understanding that the same work has not been and will not be published elsewhere, nor is presently submitted elsewhere, and that all persons listed as authors have given their approval for the submission of the paper.

Formulas should be displayed only if they must be enumerated for future reference or if they are too long or complicated. Please do not enumerate formulas which are not referred to. Only standard abbreviations for names of journals (see Zentralblatt MATH) should be used in references.

The files of accepted manuscripts should be prepared and sent in  $\text{\LaTeX}$ , using the template. All figures/illustrations should be prepared as eps files and should be sent in a separate file.
