

The TEACHING OF MATHEMATICS started as a separate volume of "Nastava matematike", a pedagogical journal in Serbian, which has been edited since 1952.

The journal is Open access.

"The Teaching" is exclusively research oriented. All contributed papers containing essentially new ideas and techniques relevant for teaching of mathematics at all levels, recommended by our referees, will be considered for publications. In particular, the papers containing subject analysis of selected teaching themes and new ways of their modelling will be welcomed.

The languages of this Journal are the congress languages of the International Mathematical Union.

THE TEACHING OF MATHEMATICS is published by: Mathematical Society of Serbia, Kneza Mihaila 35 IV, P.O.B. 791, 11000 Beograd, Serbia

Subscription rate to the Teaching of Mathematics is \$15.00 per volume.

INFORMATION FOR AUTHORS

Manuscripts should be sent to:

Društvo matematičara Srbije, Kneza Mihaila 35/IV, p.p. 791, 11000 Beograd, Serbia

The manuscripts should include:

1. Title, with a (shortened) running title.
2. Author's name: first name(s) or initials, surname.
3. Abstract, at most 20 lines long. In the case the paper is not in English, an English translation of the abstract should be supplied.
4. 2000 Mathematical Subject Classification, as well as ZDM Classification, and Key words.
5. Author's full postal address and/or e-mail address.

We would appreciate if an electronic version of the manuscript is included.

E-mail address: nastava@matf.bg.ac.rs

25 reprints will be available free of charge.
